

Orthogonal protein production from algae

March 11, 2022 for Suncor

Multi-site group

Suncor purchased equipment

Plasmid verification

Protein production testing

Plate centrifuge - plasmid

Illuminated growth chamber

Suncor purchased equipment

Purification and QC

Cell Disruptor

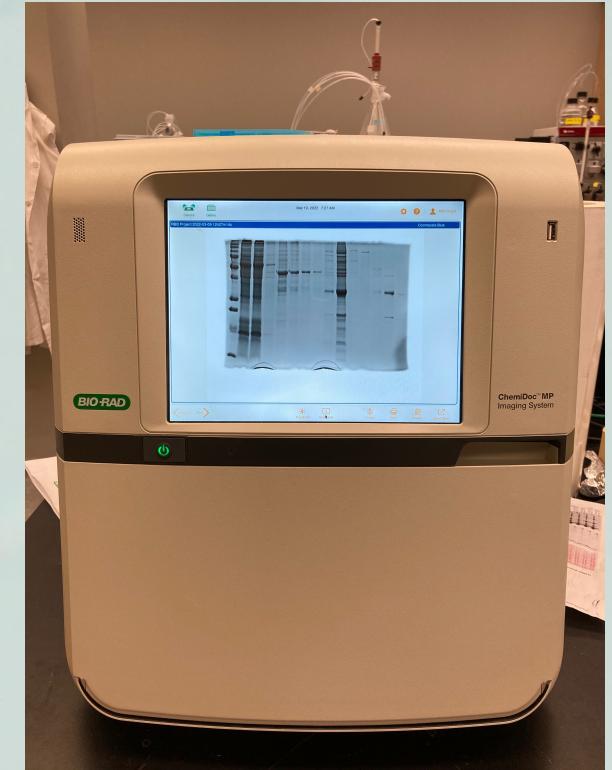

Dual AKTA purification system

AKTA/MALS QC system

Documentation system

Suncor purchased equipment

Purification and QC

Gel and Blot QC

NanoDrop QC/Quantification

Leveraged equipment

Purification and QC

Plate reader

Ultracentrifuge x2

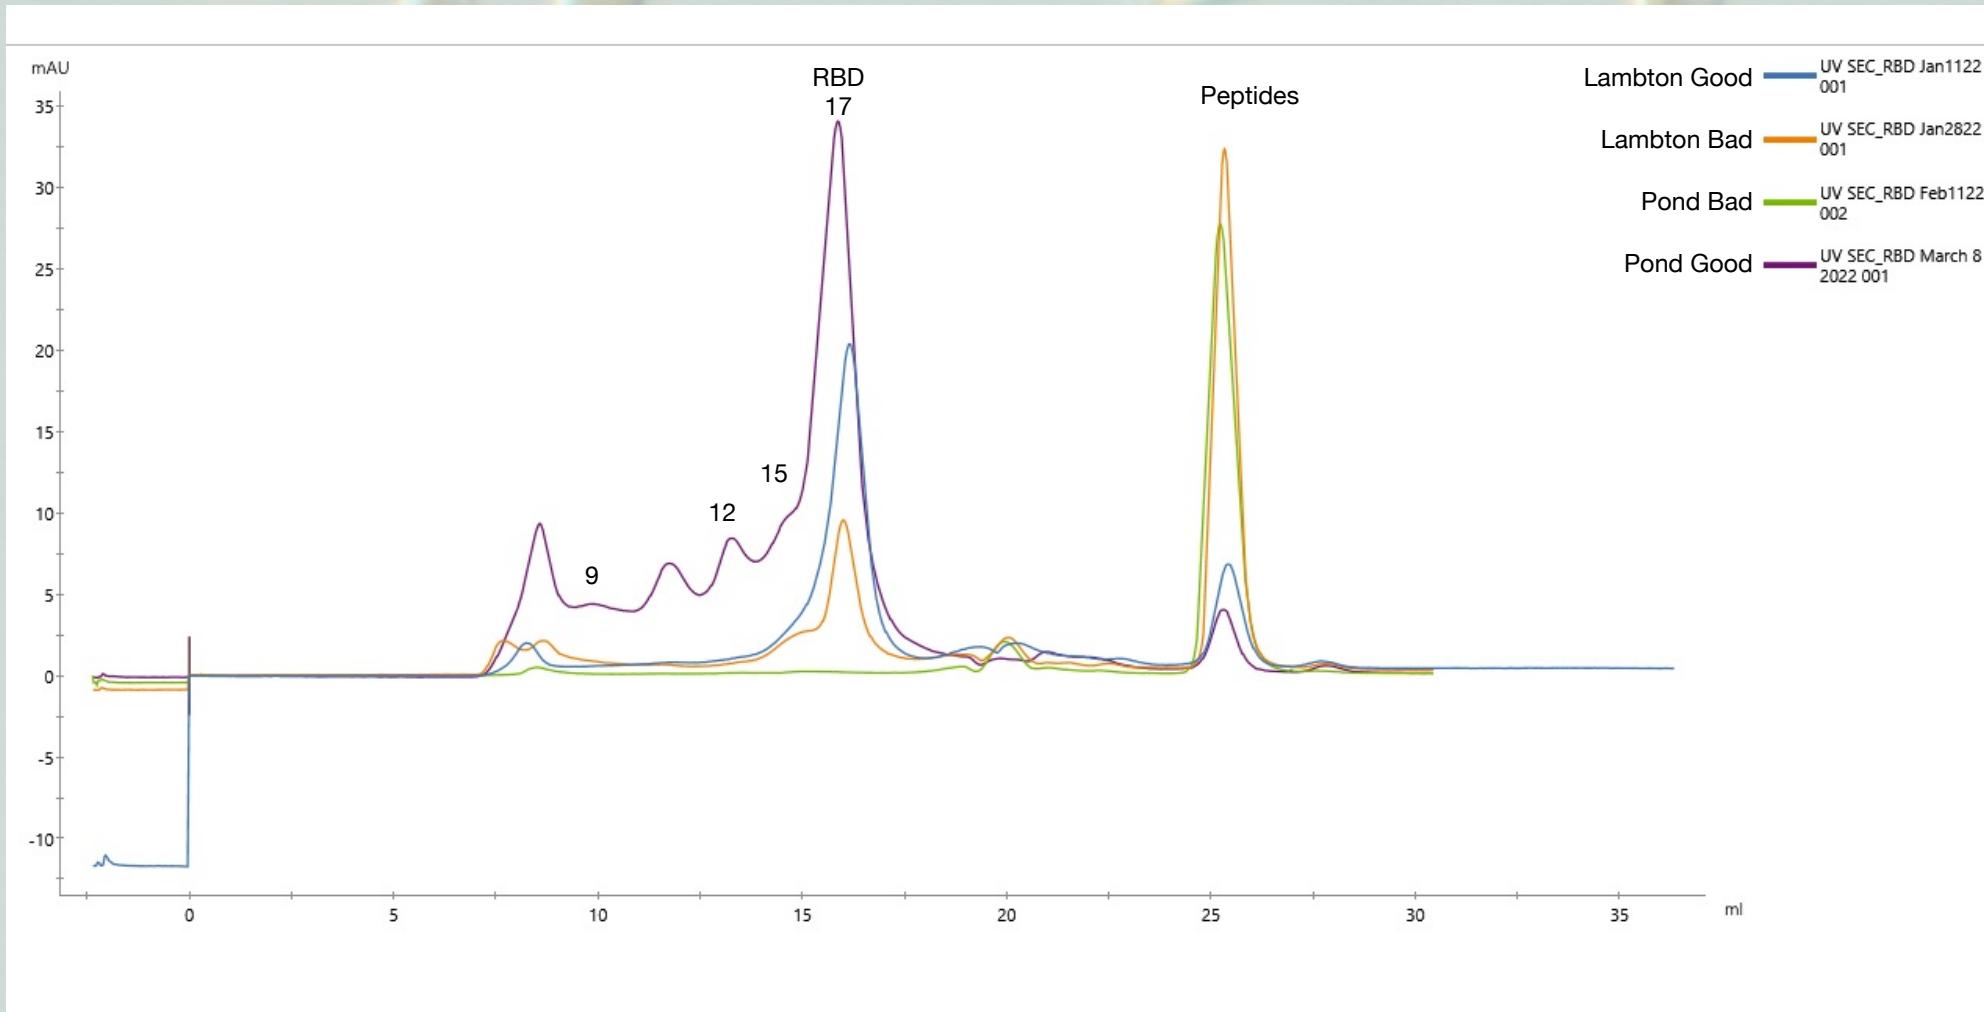

Low speed centrifuge
